

List of Applicable Covering

- Base Material **ORATEX® UL600MK3** can be replaced and repaired with **ORATEX® 6000** but not vice versa.

Where **ORATEX® UL600MK3** is specified one might still opt for **ORATEX® 6000** for instance to improve resistance against stone nicks when operating on gravel airstrips etc.

- ORATEX® UL600MK3** can be used on all wooden fuselages, replacing the painting of the surface, if the fabric covering is foreseen by initial design.
